March 24, 2020

Dear Mr. Klimecko,

Our entire team at the Pediatric Partial Hospital Program would like to extend our heartfelt thank you for the generous gift of surgical masks that you, on behalf of the American Dental Association, have donated to our program during this period of unprecedented need for personal protective equipment to protect both our staff and our patients. With all the rapid changes and concerns associated with COVID-19, particularly over recent weeks, our staff truly appreciate that others are thinking of them while all of us are trying to focus taking care of our little patients, and their families.

John Boekamp, PhD

Clinical Director

Pediatric Partial Hospital Program.
